Irene Hickson - "Flora Maestro Please"

For the first meeting of 2007, we were pleased to welcome Irene Hickson who enchanted us with an evening of storytelling through ballet, opera and music with her demonstration aptly entitled "Flora, Maestro Please". This was a change from that advertised on the programme, however, we were not disappointed as Irene treated us to exhibits whose inspiration she took from *Coppélia*, *Swan Lake*, *Carmen*, *Madame Butterfly* and *Phantom of the Opera*. As each story neared its end, we listened to the famous music from each while Irene completed her designs.
